Aditya Bagora

E-commerce Manager | Web Developer

Work Experience

E-commerce Manager	2020 - 2022

FitYogi | Udaipur

Skilled in e-commerce account management, product listing optimization, and online advertising campaigns across major platforms such as Amazon, Flipkart, Shopsy, Paytm, Meesho, Shopee, etc.

Front End Developer	2020 - 2021

Geeks Squads | Udaipur

I managed and created HTML5, CSS, and Bootstrap websites. I also generated daily website links for PPC and other advertising campaigns. Additionally, I handled the management of both paid and free C-panels.

Research & Quality Analyst	2019 - 2020

Arcgate | Udaipur

As a Research & Quality Analyst, I focused on projects like Truva, Vts, and various daily tasks related to research and quality analysis. I employed my expertise to ensure high standards of research and quality throughout my tenure in this role.

Technical Support Engineer	2016 - 2018

Techvisio | Udaipur

As a call-based Technical Support Engineer, I assisted customers in the US, UK, and Australia, resolving software, network, operating system, and hardware/printer issues for Mac, Windows, and Linux platforms.

Projects

Engaging in both freelance and personal projects, I have dedicated myself to advancing my expertise in web development and Data Science. Looking forward to embarking on further projects, expanding my skill set, and fostering continuous growth in the future.
